

## SIX DISEASES ARE ADDED TO DANGER LIST BY THE STATE

State Board of Health Now Requires Doctors to Report all Communicable Cases—Common Drinking Cups are Banned From the Schools—Tubercular Teachers Disqualified.

Owing to the opposition of some members of the medical profession in making reports in contagious diseases to the health officers a law was enacted at the last session of the legislature authorizing the state board of health to designate those diseases which are communicable and dangerous to the public health and which must be reported by the physician to the local health officer and by the local health officer to the state board of health. In compliance with this law the state board, at its quarterly session Saturday, declared the following diseases to be dangerous communicable diseases which must be reported by the health officers to the state board: Pneumonia, tuberculosis, typhoid fever, meningitis, diphtheria, whooping cough, scarlet fever, measles and smallpox.

**Preventive Measures Adopted.**  
The board also passed rules and regulations giving the preventive measures which must be taken for each of the above diseases, and also relating to the attendance of children in unsanitary conditions of school buildings and their surroundings, to jail and to private incorporation water and sewage disposal systems.

It was also decided that tetanus, erysipelas, leprosy and cancer shall be reported for statistical purposes, and that no person with open tuberculosis should be employed as a teacher of any of the schools of the state.

**Common Drinking Cup Banned.**  
A resolution was adopted instructing Secretary Shumway to issue a notice to public carriers and schools, forbidding the use of the common drinking cup, and Dr. Shumway's plan for a conference with the railroad officials for a more stringent enforcement of sanitary measures was approved.

An examination for the licensing of embalmers will be held by the board at the 8th October 15 and 16, and a similar examination will be held at Lansing, November 17.

Of the nine diseases enumerated above as communicable, only three have heretofore been regarded as such, says Dr. Guy L. Kiefer, Detroit health officer. These are scarlet fever, diphtheria and smallpox. Recent prompt reports must be made to the health board, also, of pneumonia, tuberculosis, typhoid fever, erysipelas, meningitis, whooping cough and scarlet fever.

The rule forbidding the employment of a teacher with open tuberculosis in any of the schools of the state also is new, as well as the plan to issue notices to public carriers and schools doing away with the common drinking cup.

Pat Ryan of Calumet is attending the world's series baseball games at Detroit and Pittsburgh.

The pleasant purgative effect experienced by all who use Chamberlain's Stomach and Liver Tablets, and the healthy condition of the body and mind which they create, makes one feel joyful. Sold by Eagle Drug Store, Calumet, and Laurium Pharmacy, Laurium.

## THE SENRABS, JOE AND MAE.

## BIJOU THEATER PROGRAM.

The management of the Bijou theatre of Calumet has secured an "exceptionally strong program for this week." The attractions are all new and they will be much appreciated by the patrons of the Bijou. The entertainers for this week will be, La Auto Girl, the marvel, the Downes sisters, 5 and 7 years old, known as the child wonders in song, dance and comic recitations, and Joe and Mae Senrabs, in a comedy sketch entitled, "The Lady and the Tramp." A fine program of pictures has also been secured for this week. The films are, "Educated Abroad," "Jealousy and the Man," and "Sweet and Twenty." The pictures will be changed on Thursday.

## Spend Less Than You Earn

It's an excellent advice, especially for those just starting on the road of life.

Then there's another point every bit as important. It is this—Put what isn't spent where it will not only be safe, but where it will earn something.

It's YOUR business to see that less is spent than is earned.

It is ours to see that the surplus is well looked after.

Here are highest interest rates joined to unquestioned safety.

**The First National Bank OF CALUMET**

## INTEREST IN COMING OF REV. STELZE TO CALUMET

Rev. Charles Stelze of New York city, superintendent of the Presbyterian board of church and labor, will deliver an address in the Calumet theater next Sunday afternoon, at 4 o'clock p. m., under the auspices of the local Y. M. C. A. Local representatives of church and labor will be on the platform with Mr. Stelze. The local association is arranging a program for the occasion. There will be music by a local orchestra, and probably a vocal solo or two. It is proposed to make the meeting a very interesting one. Rev. Stelze comes to Calumet highly recommended as a church and labor worker. He has visited practically all of the big cities delivering addresses and lectures, and everywhere has been favorably received.

The Trenton Gazette says of Rev. Stelze: "One understands the power of the big labor leaders better after he hears such a man as Charles Stelze talk. In his address in Y. M. C. A. hall yesterday, he did not tell how or why he entered the church, but it was easy to see that if he had decided to become a labor leader pure and simple, he had in him the force and ability to make for himself an international name as such. Such a man would gain an audience almost anywhere, which would follow him to rot, were he in such a business."

## FLURRIES OF SNOW BLOT OUT BALMY FALL WEATHER

Gone is the balmy autumn weather which has prevailed almost unintermittently for the last few weeks in Calumet. Gone are the thoughts of summer and the cozy ice cream parlors. These were ushered out with the downpour of rain and snow accompanied by a northeaster of arctic proportions last night.

Yesterday the copper country received an advance notice of the brewing storm, and last evening a 50-mile an hour gale struck the copper country. The rain quickly turned to snow which continued through the remainder of the night and through a large portion of today. Storms and housework presented a wintry appearance this morning and through the day thoughts of winter prevailed.

The demand for overcoats and winter apparel has been very noticeable in the stores of Calumet today. After being long favored with fine weather, most of the residents were unprepared for the suddenness of the cold wave. Foot dealers report a big increase in business as a result of the sudden plunge into late fall weather.

## BUTTE MAN CHALLENGES BIG FINNISH CHAMPION

John T. Dunn of Calumet today, issued a challenge in behalf of Gust Schultz of Butte, Mont., for a catch-as-catch-can match with Karl Lehto, who claims to be willing to post \$25 forfeit money, and a side bet of \$100 on the outcome, and to sign articles whereby the winner is entitled to the entire gate receipts. The Butte man is anxious that the contest be arranged at an early date as possible.

Lehto claims to be preparing for the big tournament which is to be conducted in Hancock on Nov. 5 and 6, and does not want to accommodate the Butte man until after that event. However, Schultz cannot remain in the copper country more than a few weeks, and is anxious to have the bout take place at an early date as he is confident that he can win over the Finnish champion.

**Harrington Wants Contests.**  
Tim Harrington, the clever exponent of the Cornish style of wrestling, is anxious to secure another match with Rowett, the victor in last Saturday's match. Harrington believes that he can make a better showing against the Rowett man with the experience he has gained in the first encounter, and he hopes the match can be arranged.

Harrington states that he will remain in the copper country until Joe Ziehl recovers from the injuries which prevented him from meeting Harrington as first arranged. The former Calumet man is anxious to settle old scores with Ziehl, and is likewise willing to meet any of the other Cornish wrestlers in this section. He expects to remain in the copper country for some time. Both Harrington and Ziehl will enter the call-as-catch-can tournament in Hancock, early in November.

**Benefit Match for Martin.**  
Harrington is also anxious to arrange a benefit entertainment for Will Martin, one of the best Cornish wrestlers who ever battled the Finns. Martin retired a few months ago, owing to illness, and Harrington believes that such a match would be a material help to Martin. The entire proceeds would be given to him.

## MAY BE FIRST CONGRESSWOMAN

MRS. RUTH BRYAN LEAVITT, COLORADO CANDIDATE FOR A SEAT IN CONGRESS.

Denver, Oct. 12.—A new word in the American language will have to be coined to meet the occasion if the charming daughter of William Jennings Bryan is elected to congress. This word will be "congresswoman." It is not a difficult word to coin and will be taken up by the American people without perceptible effort. And yet, viewed in the history of ages it is a most important word.

Mrs. Leavitt has not yet been elected or even nominated, but she is popular in many sections of the state and has gathered to herself considerable strength. She has formally announced her candidacy for the nomination to congress from the First district of Colorado.

She has dreams of making the nation's legislative halls, where her father once sat ring with her melodious voice. Former Senator Patterson has given his promise that if the democratic party of the state shall nominate a woman for congress he will use his influence for her. Mr. Bryan has given his consent. Mrs. Leavitt is president of the June Jefferson club. All is said to be harmony in the club but there are some members who say that Mrs. Leavitt is no young girl and ought to wait several years.

**JOHN J. BARRETT SECURES DEFEAT FOR PATRICK CALHOUN.**

San Francisco, Oct. 12.—At the resumption of the Calhoun trial before Superior Judge Lawlor, Attorney John J. Barrett removed his plea that the trial be postponed until after election, arguing that his client feared that he could not get a fair trial during the heat of the campaign and urging that

## LAURIUM

## TO REPEAT CANTATA FOR PUBLIC HOSPITAL BENEFIT

Arrangements are being made by the local committee in charge of the recent production of the "Queen Esther" cantata, to give a reproduction of this beautiful musical effort, in the Calumet public hospital. The managers of the public institution have taken the matter up with the committee, and the latter has acquiesced in the proposition. No date for the production of the cantata has been announced as yet, but it is probable it will take place the latter part of this month, or early in November.

A meeting of those comprising the leading characters of the cantata will be held in the near future, when the matter will be placed before them, and their co-operation asked.

## MORE RICE IS PLANTED.

More wild rice has been planted by Laurium residents in the Shiley river, Deer lake, and Lac LaPelle districts in Keweenaw county, so more wild ducks may be attracted to this northern clime. Johnson Vivian of Laurium inaugurated this step in Keweenaw county, and his example has been followed by other sportsmen. The rice planted in Lac LaPelle and other streams last year has ripened, and the grain has fallen into the water, thus helping to make a larger harvest for next season. Ducks have already been seen and many more will be attracted as the fields become bigger and more heavily laden with grain, a deficiency that ducks will fly many miles to obtain.

Stanley Moore, of counsel for the defense, who is ill, would by that time be able to resume his place in court.

District Attorney Langdon said he could see no reason why the trial should be postponed, adding that there were plenty of other attorneys in the Calhoun array who could take the place of Stanley Moore.

Barrett then said that Francis J. Heney, Randolph Speckels, William J. Burns and Superior Judge Dunne had met on the platform at the great Heney mass meeting at Dreamland rink Wednesday night; and that, at that meeting, Heney had denounced the jurors in the first Calhoun trial for the views expressed by them.

At this point Judge Lawlor interrupted Barrett, saying that, if even what Barrett said were true, it was not proper for him to relate it to the ventriment in court at this time.

Barrett went on, however, to say that statements of this kind had been made and that a continuation of the trial under such conditions was against all ideas of jurisprudence.

At the conclusion of Barrett's remarks, Heney denied the statements attributed to him; denied that he had denounced any jurymen at the Dreamland rink meeting and said that he was not politically ambitious for the office of district attorney. He said that the situation that Barrett was now whining about was created by the defendant himself and by his newspaper organs. In this campaign, he continued, it was absolutely necessary to dismiss matters connected with the present state of affairs in which the defendant is involved.

"But," concluded Mr. Heney, "I do not want to be unfair to anybody, and if District Attorney Langdon is willing, I will not object to putting over the trial till after election."

District Attorney Langdon then assented and the court decided that, after examination of the ventriment present, the case would be postponed until November 15.

This was a victory for Barrett and Calhoun. Barrett is one of the leading attorneys of the court and his efforts to secure the release of Calhoun have stamped him as one of the most able lawyers of the west.

## CARD OF THANKS.

We wish to express our sincere thanks to all kind friends who by word or act of kindness help to lighten the burden caused by the death of our dear mother. For all who sent the lovely flowers the choir and Mr. Red-week, also Dr. Yarrington and all who in any way shown their sympathy to us in this hour. Kindness which never will be forgotten by us, her sorrowing children.

JAMES HOCKING, ELLEN MITCHELL and family.

## WILL SOON COMPLETE WORK.

### By End of Next Week Pond Water System Should be Installed.

One of the missing or delayed ear loads of pipe to be used in the installation of Laurium's new pond water system for better fire protection reached the village yesterday, and another earload is expected tomorrow. The present stress of wet and cold weather may interfere with the work some but Engineer John Stetter will get together a large force of men and will complete the system as soon as possible. All of the ditches have been dug for the pipe, and all that remains is to put in the pipe and cover the ditches. This should take only a few days, so that by the end of next week Laurium's addition, and that portion of Laurium between Third and First streets should be properly protected from fire. The lower or northern part of the village has never been adequately looked after in the matter of water for fire protection. The present council realized this and as soon as possible took steps with a view to remedying this condition of affairs.

## LAURIUM BREVITIES.

A Castiglione of the Laurium State Savings' bank left last evening for Iron Mountain, where he will take part in the Columbus day celebrations in the iron country town.

Rev. G. D. Harger off Hastings, this state, who has been called to the pastorate of the First Baptist church of Laurium, is expected in Calumet the latter part of next week, and he will likely occupy the pulpit a week from next Sunday.

Miss Myrtle McCune, daughter of Rev. J. H. McCune of Tamarack, is visiting in Detroit with relatives.

Mrs. Richard Lobb of Laurium, is reporting improving from her recent illness.

Mrs. C. I. Hachare and daughter are expected home this week from Ohio points where they have been spending the past three weeks with relatives.

Jacob Rein was fined \$5 and costs, and James McGunn \$2 and costs at Justice D. Arnold's court yesterday on the charge of creating a noise and disturbance in the village of Laurium Saturday night. Both fines were paid.

Miss Maanta of Laurium, left yesterday afternoon for Seattle, Wash. Thomas Roahl of Laurium, is expected home this week from Lansing where he has been in attendance at the annual convention of the Knights of Pythias as a delegate from the Laurium lodge.

Daniel W. Lawlor, democratic mayor of St. Paul, is expected to become a candidate for the nomination for governor of Minnesota.

Theodore A. Bell, who made an unsuccessful run for governor of California on the democratic ticket at the last state election, intends to enter the race again next year.

## LOW FARES TO MILWAUKEE VIA CHICAGO, MILWAUKEE & ST. PAUL, WY.

## Get the Real Flavor from your Coffee

The fact that sometimes your coffee is better than others, shows that something is wrong with the process of making it and that some flavor-destroying element is present in greater or smaller quantities.

## Manning-Bowman

## "Meteor" Coffee Percolator

gives you the Real Flavor from your coffee. The better principle is entirely eliminated, making the coffee always the same—always delicious, clear and fragrant. The hot water is forced up through the central tube by the automatic circulating process and filtering through the grounds extracts all the good of the coffee, leaving the tannic acid and bitter properties in the grounds above the liquid. Use one-third less coffee than by other methods, for there is no waste. First try styles and sizes to select from.
